YEARBOOK

RIBMS YEARBOOK ORDERS ARE NOW CLOSED - SO WHEN WILL I GET MY YEARBOOK?

The 2023 - 2024 yearbooks will be delivered to RIBMS in September of 2024, as they are printed over the summer months, in order to include pictures from all the year-end activities. Current grade 7 and 8 students who move on to KAHS will have their yearbooks sent over there for distribution. Any Grade 8 students who are moving to a different school for Grade 9 will have their yearbook kept at Baker and will be called when it's available for pickup.

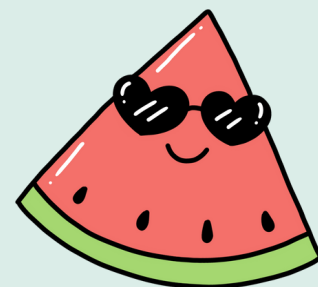

RIBMS DRESS CODE:

The primary objective at RIBMS is the academic success of all students; consequently, the dress policy allows for the conditions most conducive to learning, that students can work comfortably and without distracting or disturbing others. The key principles of the policy call for dress to be CLEAN, NEAT and MODEST.

Students dressed inappropriately will be asked by their homeroom teacher to go to their lockers and change into appropriate clothing. It is understood that students will do this quickly and that the inappropriate clothing will be covered FOR THE DAY. If no appropriate clothing is available, the students will be directed to the office to either call home for suitable clothing, or be provided with clean clothing at the office. If a student needs to wait for a parent to bring appropriate clothing, the student will wear what is provided at the office for the interim, in order that the student can return to the classroom as soon as possible. The student can then go to the office at the next break to change into the appropriate clothing supplied by the parent.

Specific items that will not be worn to school include:

- Slippers
- Any revealing tank tops or halter tops
- Transparent or see-through fabrics
- Short tops that expose the midriff at ANY time
- Low cut tops
- Short shorts, skirt, or skorts (length will be at staff members discretion)
- T-shirts that are in poor taste*
- Large winter jackets and coats are not to be worn in the classrooms
- Clothing that is designated underwear should be kept undercover

*the dress code policy specifically prohibits clothing that contains logos or advertisements for drugs, alcohol, weapons or tobacco; that contains or implies messages with sexual innuendo, or that appears to promote racism, discrimination, hate or illegal activities.

The dress policy applies to all school activities – dances, field trips, PE classes and extra-curricular sports practices, etc.

Wednesday, June 26 - Farewell assemblies. The grade 6 assembly will be at 10:45 am. All parents are welcome to join us!

MATH - MACKLIN

We wrapped up Units #5 (Angles & Polygons) and #6 (Measurement), in late May, and as June begins, we will do our final major unit on Statistics & Probability. We will also be beginning review of all units learned this year; especially multi digit operations (addition, subtraction, multiplication and division; these are used across all of our other units so it is especially important to be comfortable with these skills). While there is no Math PAT this month, a cumulative review is important for students to demonstrate how much they have improved throughout the year, as well as to refresh and refine their skills before heading into grade 7.

SCIENCE - MACKLIN

As we wrapped up our final Unit; Trees & Forests, at the end of May, we will use the month of June to cumulatively review all units from this year. These units are: Evidence & Investigation, Sky Science (Space), Air & Aerodynamics, Flight and Trees & Forests. Students will have access to all units in Google Classroom and it is expected some review is done at home for these finals, especially if students have been absent. A PAT review page will also be provided to students with key points from each unit, however more in depth review from Google Classroom will be beneficial as well.

Science PAT is Thursday, June 20th: please be on time and bring x2 sharpened pencils with erasers!

P.A.T. SCHEDULE

*All PATs will begin in the morning with instructions starting at 8:45am sharp. Remember to get a good night's sleep, have a healthy breakfast, arrive on time, have at least 2 sharpened HB pencils, erasers and a highlighter. Also be sure to bring a free reading book in case you finish early!

June 19, 2024 - Social Studies

June 20, 2024 - Science

LANGUAGE ARTS - NETZEL

I can't believe it is already JUNE! What a year! To finish off the year in Language Arts, we will be focusing on poetry. We will look at the elements of poetry, we will learn about different devices to help us analyze poetry, and if there is time, we will also write a little poetry!

SOCIAL STUDIES - CONRAD

Social: In Social Studies, we are wrapping up our unit on the Iroquois Confederacy. In this unit, we looked at how their "government" functioned, and what the culture was like amongst the Six Nations and the clans. Moving forward, we will take a quick look at Chapter 7, Making a Just and Fair Canada, before some final prep for the PAT.

LUNCH TIME REMINDERS: Microwaves are available for lunch. Parents/Guardians, if your students' lunch requires a utensil (spoon, fork, etc) they MUST bring one from home. Thank you!

GRADE 7 POD

MATH-MRS.SMART

After completing Unit 7 (Data Analysis & Probability), we will be moving onto our final unit of the year - Geometry - which will be a quick one! A few of the concepts we will be exploring are: perpendicular and parallel line segments, plotting points using ordered pairs, as well as translations, rotations and reflections of points on a Cartesian plane. The final exam for Math 7 will happen on **Monday, June 17**, and it will cover the last four units completed since our first midterm exam at the beginning of March.

SOCIAL STUDIES- MS.SERBU

We will be finishing looking at the final provinces and territories that joined Canada, how Canada helped to bring more people over to help develop the land, and how more recent events that have occurred in Canada have continued to shape its identity. The final exam for Social Studies will take place on **Friday, June 14th** and it will cover everything we have covered throughout the year. It will take place during the first three periods in the morning so it is important that students show up on time to ensure they have all the time they need. Students will receive a study guide that is more focused on what they need to know from each chapter to help them prepare.

HUMANITIES (LA/SOCIAL)

Rising Sun, Bending Reed, our two-month-long competitive Project-Based game, is coming to its conclusion this month. Students have had the experience of the Japanese people during the stressful journey of their country. They will have a chance to showcase what they have learned as individuals, and will be completing their final summative pieces. Mr. Willems and Mr. Smith are very happy with the results we have seen; thank you grade 8's for such great participation! The **Language Arts** final exam will be on **June 17th** and the **Social** final will be on **June 20th**.

MATH-MRS. BERRY

To begin, June will have us concluding Chapter 7: Data Analysis & Probability. Then, we will wrap up the year by working on our final chapter - Chapter 8: Geometry. SCIENCE-MR. GINTHER

In June students will finish their Light and Optical systems unit and spend some time preparing for the final exam. Our understanding of the world is based largely on what we see- both directly, and aided by optical devices that improve and extend our vision. Such tools as the microscope and telescope have helped extend knowledge in a variety of science fields, from the study of cells and starts to studies of the nature of light itself. In learning about light, students investigate its interactions with different materials and interpret its behavior using a geometric ray model. Students then use their understanding of light to interpret a variety of light-based technologies and contemplate new technologies we may use in the future.

NOTES FROM THE LEARNING COMMONS

As we near the end of the school year I want to bring to your attention that the library will be closed to all students as of June 14th, and all loaned materials are expected to be returned by this date. Students have been reminded on a regular basis of items that they need to return and it is their responsibility to return these items in the condition in which they received them. Textbooks that are still being used to study for exams are exempt from the June 14 deadline, but must be returned as soon as possible. Any items, including textbooks, that are lost or severely damaged must be paid for. These items will be added to students School Cash Online accounts. Emails will be sent home as a reminder for assistance in locating and returning the items to the school. Thank you in advance for your assistance in getting all items returned.

Some fun stats from this school year:

More than 250 new books were added to the library this year.

The Homeroom who checked out the most books was 5D, with 388 books checked out throughout the year.

The top 3 students who checked out the most books were, Karli (6), Xizavier (5) and Katie (5).

Big Nate continues to be the book series that is checked out the most.

Want to keep your child/children reading throughout the summer? The Coaldale Public Library offers various reading programs, and opportunities for older students to volunteer. I would highly recommend these programs. Have a fabulous summer, and happy reading.

Mrs. Pilling

NOTES FROM THE BAND ROOM

Final Concert goes on Wednesday, June 12, 2024 at R.I. Baker in the gymnasium at 7:00pm. Each of the bands have been working really hard to prepare 2 or 3 pieces per group and we look forward to sharing them with family and friends. This concert is also set to be the last concert at R.I. Baker as it currently exists, so we would love to have a strong showing of support.

We have saved some "pop" music for the final concert of the year. Mixed in with a few traditional band and jazz pieces, audience members can expect a little bit of Indiana Jones, Pirates of the Caribbean, Jurassic Park, Star Wars, and Hockey Night in Canada. We really hope to see you there.

If you are 14 or older check out the Staff/ Volunteers link on the website to see how you can join this amazing team!

TELEIOS

Spend an unforgettable month at camp growing in leadership and faith through community and adventure at Teleios! Check out the website to learn more about this incredible opportunity for grade 10 and 11 students.

YOU ARE WELCOME HERE!

I have seen year after year how a week at summer camp can significantly change a child's perspective and outlook in a positive way.

Fellow parents, I just encourage you to find a way to get your kids to camp. They will be encouraged and challenged as they meet new friends, take part in crazy and fun activities, and learn new things about the Bible and their faith. Our hope is that your child's light may shine more brightly as they experience the love and light of Jesus in their lives.
